“ Jerry was my father's motorcycle partner in the Pennsauken police department, I was a firefighter and they would always stop by to chat. I remember talking to Jerry and Marty on New year's day at the Texas roadhouse. He will surely be missed.

“ I remember when Pennsauken got their first two Harleys and they were unloaded on our loading dock. Jerry and Pop Busch were the two lucky riders! Jerry would always stop by the trucking terminal to say hi.
