“ Larry was bigger than life like my Dad, always made a presence in the room but more importantly acknowledged everyone else in the room. Said hello , how are you. Said your name, brought up a funny story . Made everyone feel a part of everything. I cant say I knew him well bc I was "just a kid" but he was family, he made me feel that. Always a smile.
God has bigger plans for him. I know because how else could someone so filled with love be taken from us. It's always the ones with hope in their eyes, adventure in their souls. Ones that cannot be contained within this worlds boundries. He is an Angel now with so many I love.

“ So many of us with the Challengers Color Guard were so fond of Larry. I was young at the time he marched, but he continued to be a part of the organization well after he stopped marching. I will always remember his upbeat positive charm. He was a great help with the junior guard, always giving us pep talks just before performing. He taught us to be team players, give it our best, and on the flip side, was always there to comfort us when we didn't place where we thought we should've. My memories of Larry never excluded Buddy. I, as most others, envy that kind of relationship... that bond of true friendship. He will long be remembered. I am honored to have known such a kind soul. Rest easy Larry

“ Larry is my big brother and my friend.
Will cherish all the memories we had together.
We grew up fighting like crazy as most siblings but grew up to love, rely and trust each other.
Larry was a lot of fun and full of energy.
Growing up a fun memory of Carol and I covering his car in spaghetti when he wouldn't give us a ride!!
Diane.....How he broke his arm holding up the bed from underneath.
Going to the old Coliseum in Voorhees to watch the flyers.
One of my biggest supporter when I became widowed and pregnant. Connie and Larry were there for those very difficult days and we're by my side!
Uncle Larry teaching Kyle to have a catch and to love the game of baseball.
And before deploying having a party for my son his nephew Reid to send him overseas with much love.
Until I see you on the other side!!
Love you brother!

“ The godfather to both my girls Brook and Jamie Williamson. Our memories of you will always be of Ocean City, the beach. Chasing all three girls including Madison to throw them in the Ocean. Going on the boardwalk and getting the girls ice cream. You were a great uncle and always there to help and give advice when needed. RIP and thanks for the great memories youve given us through out the many years weve known you!

“ My dad was an adoring and proud pop-pop. A dedicated and loving father and my biggest supporter. For example, when I was little, I took up cheerleading. My dad took quickly to the roll as “cheer dad” and screamed the loudest at every single one of my competitions. He even took on learning our “jumps” we had to do in our dances - it was hilarious.

He always encouraged me to be and do my best; that’s all any of us can do, one day at a time.

No matter where either of us were in our stage of life, we were there for each other. He was always there giving me props and praise and could not tell me enough how proud he was of me. I was always there telling him how hard he works and to slow it down.

A few fond memories that I have always held close: pink frosted donuts on the first days of school, Franco’s dinner (pastina soup with lots of pepper of course), and hanging out at nanny’s table. Thank you for so many lessons and love.

We love you pop-pop/dad/Larry,
Madison, Dane and Zack <3

“ Madison, my very deepest condolences to you. I was in your dad's company a few times at my sister's bbq's and then saw him down in Brigantine at the beach in 2018. He was a very nice guy and fun to be around. I know he did an excellent job in raising you. He is not far just look into your heart, he is there.
